- To order books, checking out of books, return of books, and re-shelving of books.
- To provide assistance in anything associated with the library.
- To teach students library related skills.
- To create programs that develops lifelong readers.

Yoga Teacher:

Staying fit has become the need of the hour. Exercising is one of the best and safest ways to remain fit. However, not all can do heavy cardio or other strenuous exercises. For them there is the option of doing yoga.

A Yoga Instructor should lead students through exercises that help improve flexibility, strength and balance.

- Yoga instructors have to teach students about the various yogic positions and start them off with some basic steps.
- They have to take into account the health problems of the students and teach them accordingly.
- They also have to take the age of each student into account as their students can be anyone.
- They have to monitor each of them carefully to ensure that they are doing the position properly.
- They mostly teach their students proper breathing techniques as they are most important aspect of yoga.
- Yoga instructors also have to adhere to the rules and regulations of the place they work in.
